Amy Pocock – Mayme Makes Loo bowl cupcake toppers

You will need:

Fondant icing in white, brown and a base colour

Zero cutter

Circle cutter

Blue lustre dust

Few drops of vodka!

Edible glue

Method:

- 1 Cut a circle from your blue fondant and set aside to harden.

- 2 Using your white fondant, cut out a zero and then flip your cutter over and cut around it using your knife. This will form the lid of your toilet.

- 3 Glue your fondant pieces as shown to create the body of your toilet. Make a paint by adding a few drops of vodka to your lustre dust and paint inside the toilet to give the illusion of water.

- 4 Using a small amount of brown fondant, create a mini poop shape and place inside the toilet using edible glue to secure. Leave to harden before placing on your cupcakes.
