GO THE DISTANCE

20 mile challenge
Walk, run or cycle: at your own pace, in your own time
January to March 2020

Toilet poverty is a matter of life and death.

When Bishwo’s mum became seriously ill with a diarrhoea-related infection, Bishwo walked 20 miles, through the night, to carry her to hospital. Doctors told him that his mum would have died if they'd come two hours later.

Could you set yourself a challenge to walk, run or cycle the distance Bishwo travelled with his mum? Help end disease and despair for families living in some of the remotest places on earth.
