We are stepping up our hygiene and handwashing training worldwide in response to the coronavirus...

If you donate £60 to help communities protect themselves from the virus, we will send you a special Tap Twinning certificate to thank you for your support to help stop the spread of Covid-19.
Twin your tap to protect communities from coronavirus

Toilets, taps and training are a lifesaving trio that help flush away poverty.

And when it comes to stopping the spread of coronavirus in the vulnerable communities where we work, it’s vital people know how to wash their hands properly and limit the spread of the virus.

That’s why our partners in more than 45 countries are putting all their efforts into promoting good hygiene. This is life-saving work in poor communities where people don’t have ready access to healthcare and government support, and their immune systems are weakened by malnutrition and disease.

We need your help to make this possible – and that’s where Tap Twinning comes in.

£60 ➔ 📣 ➔ 👐

A £60 donation will help our partners mobilise an urgent response to inform people how to protect themselves from Covid-19. Public health messages will be shared using all means possible, from local radio to social media to community leaders.

If you donate £60, we will send you a special Tap Twinning certificate to remind you how you’ve helped vulnerable children and families who need most support during this pandemic.

Or we will send you a Toilet Twin. Please let us know which you’d like (see overleaf or check our website for more details).

We know this is a time of great uncertainty for us all. Please consider donating, so together we can help stop the spread of Covid-19 in poorer communities across the world. Thank you.
