

Put the bottle in the recycling bin!

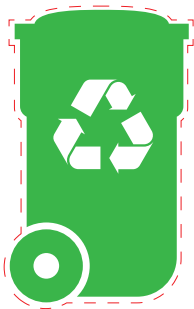

Play plastic bottle bingo and if you guess the square where the recycling bin is hiding, you win a prize!

Invite people to play plastic bottle bingo!

Thirty players could be encouraged to pay £1 each to put their name on a square. You'll need to pick the winning square where the recycling bin is!

To help you reveal your winning square, here are some visual aids you could cut out and put on the square. You could write the winning number on the recycling bin in advance and seal it in an envelope!

£1 per square x 45 = 1 Bin Twin!
