

Speaker Volunteer

About Toilet Twinning

This role enables you to join a small and growing charity initiative that is passionate about extending the reach of the water and sanitation programmes of international Christian NGO Tearfund. We do this so that impoverished families are empowered to change their circumstances, as they believe in themselves and the future, to ultimately take small, but hugely significant steps towards overcoming generational poverty.

This is the team for you if you love new ideas; **strive** for open, honest, and trusting working relationships; **pursue** excellence while accepting that it's not always possible to get there; **dare** to fail; embrace learning; **try again** when things don't go to plan, and **enjoy** celebrating the successes of those around you.
